Camera Proficiency

I have worked with and am very familiar with most digital camera systems in the industry including:

- Arri (Alexa, Alexa Plus, Amira, XT, XT Plus, XT Studio, Alexa Mini)
- Red (Weapon, Epic/Scarlet Dragon, Epic/Scarlet MX, Red One)
- Sony (F55, F5, FS7, FS5, F800, F700, A7S)
- Canon (c500, c300, c100, 1DC, 5Dmkii/iii, 6D, 7D)
- Go Pro (Hero 2/3/4)

Technical Camera Support

Experienced with 3 axis gimbal stabilizers such as the Freefly Movi and the DJI Ronin. Some experience operating gimbal on drones such as the DJI Inspire and Phantom.

Kit

My kit comes with all the necessary tools for me to do my job properly as a camera assistant. This includes distance measuring tools, lens cleaning supplies, monitor, israeli/noga arms, velcro, bnc accessories, camera tape, marking pencils, and much, much more.

Also, available for rent in addition to my kit:

- Heden Carat single channel wireless follow focus system. This system is extremely light weight and perfect for (but not limited to) gimbal work.
- Canon Prime Lens Kit. Full set of 6 Canon CN-E prime lenses, EF mount
- Yaeger Senior camera cart. Comes with all the accessories to support most camera packages.
- Filmttools Senior Converted Magliner. Also comes with all the accessories needed to support any job. Makes for a great second cart for support.
