## EXPERIENCE

### Freelance, Orlando, FL— *AV Technician*

August 2014 - PRESENT

Provide services as a Video Switcher/TD, High Resolution Switcher (Live Core) and an EIC. I have done work for [LMG, INC.](#) and [TEK Productions](#) and [Creative Technology](#).

### Full Sail University, Winter Park, FL— *Lab Specialist*

March 2012 - April 2016

Provide one-on-one instruction with students regarding aspects related to the Grip and Electric departments for film as well as the basics through advanced techniques of lighting for film and digital productions. I also managed the work-studies (up to 15).

### Freelance, Florida— *1st AD*

January 2010 - Present

As a 1st Assistant Director my primary task is the coordination of talent and crew into an effective schedule. Providing constant communication between key departments. I have operated in this capacity on feature and short films, commercials and music videos.

### Neves Media, Panama City, FL — *Producer/Director*

May 2007 - January 2010

- Produced, directed, shot, edited and wrote scripts for commercials for advertising clients and promotional needs
- Maintained direct involvement with clients
- Directed numerous live IMAG events for concerts and lectures

### Comcast Spotlight, Panama City, FL — *Producer/Director*

December 2003 - May 2007

Responsible for Producing, directing, shooting, script writing and editing of commercials for advertising clients and promotional needs. Maintained direct involvement with clients. Also manage the local origination channel in which I produced, directed and staffed multiple live entertainment, informational, and sporting events each year.
