BACKGROUND / PERSONAL

- I believe that God has blessed me with a small cabinet of guardian angels who oversee my destiny.
- Fifteen years happy & healthy in a two-parent, one sister (Randi) family with a little dog (Tutu).
- When I grow up I intend to be a pediatric surgeon. – Today my aim is to inspire people of all ages to try their best—to take risks and do things that they otherwise wouldn't attempt.
- I am a volunteer at Mercy Medical Center (Affinity Health) – running errands, transporting patients and, most recently provide live entertainment in their pediatrics area of the hospital. Affinity Health had also invited me to perform at an annual clinician's banquet (2016) which was a huge success.
- I decline getting paid to sing our National Anthem because I attribute my freedom and liberties to the people who serve, and most especially to those who paid the ultimate sacrifice.
- My key platform is to create a bully-free environment for kids of all ages (which include adults).
- I have auditioned for several roles which I didn't get the part. I practiced hard, gave everything I had, and learned from each experience. Painful but I have faith that there's a reason for everything.
- In addition to playing piano/keyboard, I also play (alto) saxophone and ukulele.
- I wrote and perform my own song at my concerts, titled "Me, Myself and I".
- Since the age of eight, I have been a successful fast-pitcher on many softball teams—earning school conference and traveling tournament championships.
- I am fortunate to keep school my focus, yet do what I do. There is so much more in store—stay tuned.
- I love when I'm performing at an event and I open my eyes and see people emotionally getting into the piece that I am playing—that is THE MOST satisfying feeling in the world.
- I am on record for solo-performing at over 70 different events
