I am a recent high school graduate with much love for the film industry. I am constantly learning and want to learn more about film making and adjusting new technics to my very own short films.

I am applying for a assistant production position. I have experience with student films from high school, I am very passionate about the film industry and want to learn more.

I have experience in editing school episodes to the newscast, I have worked in a intern ship with Windstream cable on the production and post production level, I have also worked a documentary for the cross roads school in Nicholson GA. I work on a lot of short films on my own which has gave me more knowledge in what needs to be done in post production.

Work Experience:

- Internship (Windstream Cable)

Mentor- Dave Wiley

Responsibility- Managed camera equipment along with editing video for EJCHS.

- Short Film (The Hustle)

Pre/Production/Post Production- Stacy Cole Morgan

I managed pre production, production, and post production for my short film 'The Hustle' that was released November 12, 2016.

- Documentary For "Cross Road School" Nicholson, GA

Mentor – Traci Smith

Responsibility- Film entire documentary along side with editing at high level for the for County of Nicholson.

I have studied broadcast video production in high school at East Jackson Comprehensive High School.
