SOLDIER #1 (CONT'D)

Is there any power to the backup energy source?

Crystal Carter, a stunning Asian woman with white hair and strong features, awakens in her pajamas while gazing at the ceiling.

Gazing up at a picture of her family above her, she lets out a sigh before rising to her feet, showcasing her powerful physique. Taking a shot of alcohol, she swallows it down before heading to the bathroom.

CUT TO:

INT. BATHROOM

She sees a blue rock glowing from a black staff in her tub then looks confused, suddenly she remembers and chuckles.

Glancing into her cabinet, she surveys the valuable items she had taken before reaching for her toothbrush and toothpaste, then shuts the door.

CUT TO:

INT. DRACO'S OLD HOME - GUEST ROOM - PLANET NEBULA

TEXT ON SCREEN: DRACO APOLLO - PLANET NEBULA

Shirtless and adorned with battle scars, Draco awakens from his slumber. Peering outside, he notices the sun has yet to make its appearance. Glancing at his alarm clock, he observes the time is 05:50 am. With a groan, he collapses back onto his bed, gazing up at the ceiling.

DRACO  
(whispering to himself)  
This is fucking weird.

Glancing at the armor positioned beside his bed, he hears three knocks at his door.

DRACO (CONT'D)

You may enter.

As the door glides open, a shirt is tossed in his direction. Sitting up, he gazes at the shirt and then back at the door with confusion.

DRACO (CONT'D)

Hey, what the-

Dexter appears in his pajamas with his arms crossed.

DEXTER

Go back to sleep weirdo, we don't leave until later this evening.

DRACO

You're the one to talk, lizard man.

He chuckles.

DEXTER

You sleeping okay?

DRACO

I had worse experiences but not as bad this time at least.

DEXTER

Good, don't forget to keep working out.

DRACO

That definitely won't be a problem. Why are you up?

DEXTER

Well um...

ALEXIS

(In the distance)

Babe! Come back or I'm punishing you!

DRACO

I see why now. You two have gotten acquainted since joining the knights.

DEXTER

Yeah, I love her. How are you and Karla, are you guys good?

DRACO

She had some important business to handle so we had to stop seeing each other.

DEXTER

That explains why she was in a hurry after the war then. Don't take it too hard buddy, try to enjoy yourself in the meantime, it's what she would want.

DRACO

Please, it'll be a miracle if I find another girl that can handle me. Yet, A part of me wants to fuck shit up, another part of me wants to chill. Just gotta find the right balance.

DEXTER

You can make the time buddy, Alexis and I are gonna be with Rebecca and Tyler for a day, think you can handle working my shift today at the FBI?

DRACO

Me? Around armed guards? No promises.

DEXTER

It would mean a lot until I get back.

DRACO

I suppose so, now go on, your woman is calling for you.

DEXTER

Thanks buddy, now I owe you one, good night again.

DRACO

Good night.

After Dexter departs, the door shuts firmly. Draco gazes upon his blades and armor.

DRACO (CONT'D)  
 (Annoyed)  
 Ugh, what am I getting myself into?  
 I fucking hate people.

CUT TO:

INT. KITCHEN - MORNING

Heartenra finishes using the chrome microwave. She takes out fresh pancakes from it and places them on the table.

HEARTENRA  
 (to herself)  
 I sure hope I got this right,  
 Earth's meals are weird.

Draco's sister, Fiona (20), walks in wearing gray pajamas while yawning.

FIONA  
 Morning mom.

HEARTENRA  
 Good morning sweetheart, we're  
 trying Earth food today.

FIONA  
 Earth food is so weird.

HEARTENRA  
 Now, Zion and his friends helped  
 save us from the life we were  
 currently living, and Zion  
 willingly gave us his old home in  
 return since ours got destroyed,  
 it's the least we can do for them.

FIONA  
 I guess so.

Draco, Dexter, and Alexis walk in together while wearing pajamas.

ALEXIS  
 Good morning Ms. Apollo

HEARTENRA  
 Good morning, I made your earths'  
 breakfast for the first time so let  
 me know how I did.

DEXTER

Thank you so much.

HEARTENRA

You're welcome dear.

FIONA

Is it true you guys are  
intergalactic warriors like my  
brother?

ALEXIS

Well, I never gave it that much  
consideration but yeah I guess you  
can say we are.

FIONA

Do you guys have a cool and hot  
leader?

ALEXIS

Extreme yes to the hotness and He  
is cool actually, he's a softie but  
he's tough and he's got a powerful  
sword.

FIONA

So does my brother.

DRACO

Mine is cool, yes, but not like his  
little sis.

HEARTENRA

Come on everyone eat, there will be  
plenty of time to ask questions  
later.

Fiona pouts and sits down and starts eating. She gasps while  
mid-eating, however, she averts her gaze from them.

She takes the syrup and pours more on the pancakes while  
still not looking. She takes her plate and an extra pancake  
back to her room.

DEXTER

She definitely liked it.

DRACO

She's prideful, but she cares.

HEARTENRA

She's a fan of you guys. Once she found out that Zion and Zero saved Earth and destroyed Xron, she wouldn't stop talking about it.

DRACO

She's a survivor. I had even had no idea she was taken to serve in the palace while Xron was ruler. I would like to help her out with her tech and abilities so she could join the team.

DEXTER

Buddy, I'm very sure she would need a girl's help with that. Possibly more than one. If anyone is on her level, it would be Candy.

DRACO

What? I can't teach?

Dexter has a flashback.

CUT TO:

FLASHBACK - THE KNIGHT BASE - 6 MONTHS AGO BEFORE THE WEDDING & INVASION

Draco, doing pushups with the team and Scarlett sitting on his back, shouts to the team.

DRACO (CONT'D)

(Shouts)

15! 16! 17! 18! 19! 20! 21! 22! IF YOU DON'T BREAK A SWEAT, YOU'LL BE ANSWERING TO MY FUCKING BLADE OF DEATH!

Everyone gasps then they start going faster.

CUT TO:

OUT OF FLASHBACK

DEXTER

You're just very hardcore my friend.

DRACO

Fair enough.

ALEXIS

The breakfast is badass Ms. Apollo.

HEARTENRA

Thank you honey, it means a lot.

CUT TO:

EXT. ROOFTOP - AFTERNOON

Alexis and Dexter take their suitcases onto the ship while Draco stares out into the newly rebuilt city. Fiona walks up from behind him.

FIONA

Are you mad at Karla?

DRACO

Me? Mad? No. Every warrior deserves some time from fighting and learning secrets once in a while, I'll just do my own thing in the meantime until I see her again.

FIONA

Don't overthink shit big brother. Remember, regardless of what the motherfucker did to us, you have good credit here on this planet and Earth loves you too. Just don't forget to message me or I'll hunt you down my damn self.

A smile crosses his face as he gazes in her direction.

DRACO

Yes ma'am. When will I see you on Earth?

FIONA

Sooner than you think dragon.

She embraces him firmly, and he reciprocates the hug. As he gently loosens his grip, he reaches into his pocket.

DRACO

Hold on, I wanna give you something.

He pulls out a dragon necklace from his pocket and she sees it.

FIONA  
 (Amazed)  
 Woah, that's cool!

DRACO  
 It was a gift from the knights,  
 it's Earth's mythical creature  
 called a dragon, like the name I  
 have. You can be strong as one of  
 these creatures, they breathe fire  
 and don't let anyone stand in their  
 way. If you keep trying, you will  
 achieve your goal no matter what  
 enemy you will face. Can you do  
 that for me?

She smirks and wipes a tear from her eye.

FIONA  
 Look at you trying to get me  
 emotional.

Her gaze meets his as he towers above her.

FIONA (CONT'D)  
 I promise.

DRACO  
 Good, go easy on mom okay?

FIONA  
 Whatevs I guess.

Once more, they embrace tightly, with Fiona burying her face  
 in his chest.

FIONA (CONT'D)  
 Protect yourself and them, got it?

DRACO  
 Will do.

She lets go slowly as his mom approaches.

HEARTENRA  
 Sweetheart, do me a favor when you  
 get back.

DRACO  
 Anything mom.

HEARTENRA

You're a wounded warrior who found peace, but you're missing out on finding love honey. Every warrior deserves someone at the end of their battles. Everyone always has a different outcome, but remember, you are in control of your own fate.

DRACO

If life brings me someone permanently. It'll be a miracle, if I do, you'll be the first to know.

HEARTENRA

Good luck sweetie.

They embrace each other tight.

DRACO

Yes ma'am and thank you.

They let go of each other and he walks back to the ship as he carries his weapons.

FIONA

He's gonna get into trouble, isn't he?

HEARTENRA

This is your brother we're talking about, he'll either find trouble or trouble will find him, either way, he's a fucking badass.

FIONA

(Screaming)

GET MORE THAN ONE BAD BITCH  
DRAGON!!!

Heartenra looks at her in shock and she shakes her head.

*"Vam" by Eric Reprid starts playing.*

Dexter's ship rises as the rear doors close. He turns the ship around to face Heartenra and Fiona. Everyone waves bye at each other. The ship flies off across the city.

CUT TO:

INT. DEXTER'S SHIP - WINDOW SEAT

Draco gazes out of the window, into the city as he turns up the volume on his phone and wireless earbuds. He scrolls through pictures of him and Karla before her departure. He sighs and locks his phone as he looks out of the window again and sees the ship is flying into outer space.

EXT. PLANET NEBULA - SPACE - CONTINUOUS

Dexter's' ship blasts off into hyper speed immediately.

CUT TO:

INT. DRACO'S GUEST ROOM

Draco steps out of his chamber and appears to be wearing a dark red and black tight leather outfit. His gaze shifts towards his weapons with worry.

HEARTENRA

(V.O.)

You're a wounded warrior who found peace, but you're missing out on finding love honey. Every warrior deserves someone at the end of their battles. Everyone always has a different outcome, but remember, you are in control of your own fate.

Looking at his reflection in the mirror, he notices red lightning flashing in his eyes. Startled, he quickly looks away and then moves to the window to watch the ship's incredible speed.

CUT TO:

INT. COCKPIT

The mood is calm and relaxing as Dexter and Alexis, fully naked, covered in a green blanket, sit in the driver's seat with Alexis sitting on top of him with her arms wrapped around his neck.

ALEXIS

Do you think Draco will be alright?

DEXTER

He will. I know it's been 6 months, but I can tell he's bored, this will actually do him some good rather than harm. I'm glad I got back the missed time we didn't spend together.

ALEXIS

You did the right thing by saving him. Hopefully he won't get into too much trouble with the law.

DEXTER

I got a friend that could help with him, he may or may not like it though.

ALEXIS

You're a good friend to him, anyone else would have given up.

DEXTER

He likes you, Beth, Ty, Danny, Lizzie, Sky, Wally, and Tori. We'll straighten him out eventually.

ALEXIS

My hero is still becoming a better man, I couldn't be prouder.

They start making out as he grabs her by her hair and she fully sits in between his legs as she moans against his lips in between kisses.

CUT TO:

*Song fades.*

INT. FBI AGENCY - NEW YORK CITY - EVENING

It's busy in the building as Draco walks in wearing a regular red shirt, black jeans, and red shoes. A Security guard approaches him.

SECURITY GUARD

Draco Apollo?

DRACO

Depends on who's asking.

SECURITY GUARD

You're here as requested from our best analyst, Dexter Wilson, we understand you work with The Solar Knights. However, you cannot bring your weapons into our facility unless granted access, do you accept these terms?

DRACO

Very well.

He takes out his phone, wallet, and extra blades out of his socks and back pockets. He pushes his belongings through the scanner, and he walks through. The security guard is shocked and concerned but he straightens up his look.

SECURITY GUARD

Right this way.

CUT TO:

INT. MEETING ROOM

Draco is sitting in the meeting room on the top floor while two security guards with guns watch him.

DRACO

I don't know why I agreed to this bullshit.

The door opens. A beautiful African American woman, Laura Stevens (30) wearing a black outfit, with brown hair walks in holding folders. Draco raises his right eyebrow as he appears intrigued.

DRACO (CONT'D)

Are you the one in charge?

LAURA

Indeed I am, guards you may leave the room.

SECURITY GUARD #2

Are you sure ma'am?

LAURA

This is someone who went out of their way to save the universe gentlemen, I'm very sure.

They nod at her then leave the room.

DRACO  
Are you Dexter's friend?

LAURA  
Zion? Yes I am.

DRACO  
So you know his real identity then.

LAURA  
It was unnerving at first when I met him but yeah, now I know. He's going on a trip as if I'm sure that you already know with his current girlfriend, Alexis Anderson.

DRACO  
Yes I am.

LAURA  
You are Draco Apollo, and your alias is "Zero", you're not from Earth yet you've grown familiar with how we look on our planet. You were originally born aqua green with red hair almost similar to your mother. You have a sister named Fiona and your mothers is Heartenra. Zion, Alexis, and Bethany Anderson saved you and your home planet from being under the ruling of Daryl Lewis also known as Xron. Did I get anything wrong?

Draco gulps with nervousness.

DRACO  
(Nervously)  
N...no you didn't.

LAURA  
Relax my nigga, I'm not a snitch. I'm good at keeping secrets. I'm Zion's former girlfriend as well just to throw it out there as to how I know this information.

DRACO  
That's right, he's been here longer than I have. How did it end?

LAURA

He revealed his true form to me but I wasn't ready for that kind of commitment, it was just badly timed, so I ended it.

DRACO

Our identities will come across as shocking to many people. When we travel back to Earth, we transform back to human so we can look more appealing.

LAURA

Hm, Good looks go around the planet I suppose.

DRACO

You're not bad yourself, Z lost a good woman.

She smirks and puts her hair in a ponytail then presses a button on the table. The windows all around them turn black as every last one of them closes. She presses a button with her remote in her pocket and a screen comes up in front of her.

LAURA

Your target is Crystal Carter, who goes by the name of Bellatrix.

DRACO

Bellatrix means "female warrior".

LAURA

Correct, she was always an honor student but she went off the grid after leaving the Navy Seals after a few years of service.

DRACO

If I may ask, How did you find her? Or have you found her?

She pulls up a video of an underground fight club.

On the screen, Crystal appears muscular, with white hair, wearing a black training bra and gold pants with her hair in a ponytail with red boxing gloves as she appears fighting a man without a shirt on with a crowd surrounding the cage.

Draco sits forward as he appears intrigued.

On the screen, Crystal dodges his left and right hook punches very quickly. She jumps in the air as she does a front flip then super claps the man's ears very hard, she lands over him while he groans in pain then punches him in the crotch then twists his head sideways, killing him. The audience cheers with excitement as they cheer her on. The footage stops.

DRACO (CONT'D)

She seems intriguing.

LAURA

This woman has been classified as highly dangerous, knowing that you are an assassin, you definitely would classify as that yourself if you were our enemy.

DRACO

Very understandable, I've taken out armies, she won't be an issue.

LAURA

Good because at that time, you'd be able to use your weapons. When you've arrived at her location, press this button.

She gives him a circular object with a button in the center.

LAURA (CONT'D)

This will let us know that you found her and we'll be on route to your location. I'm aware that you're a good tracker so you won't be needing a team, we're aware that she's somewhere still in the States. Be careful, this woman on your level of dangerousness, have your guard up.

DRACO

Yes ma'am.

LAURA

Don't call me ma'am Nigga, call me Laura. Ma'am feels weird as fuck.

DRACO

Alright um, Laura.

LAURA

You're a fish out of water Draco.  
You're hot so loosen up and enjoy  
yourself. Come on, a chopper is  
almost ready, bring your weapons.

Draco clears his throat as he stands up and starts to walk  
out with her, but he stops. She stops and gazes back at him.

LAURA (CONT'D)

What's up?

DRACO

I'll actually need some help with  
this one, at least after my first  
day.

LAURA

Who do you have in mind?

CUT TO:

INT. ELIZABETH AND DANNY'S HOME SUBURBS- AFTERNOON - NEW  
JERSEY

TEXT ON SCREEN: NEW JESERY

Elizabeth G.W. Miller(32), Wearing a yellow sports bra and  
green sweatpants, lets her hair down as she finishes brushing  
it. She hears little Alyssa crying and she walks out of the  
bathroom. She walks out to the baby's crib and picks her up.

ELIZABETH

Hey baby girl, you miss daddy?  
He'll be home soon.

The baby stops crying due to the bouncing and she rests her  
head on her chest.

ELIZABETH (CONT'D)

Awe, it was me you wanted huh?  
Definitely a momma's girl.

Her phone rings and it says "unknown". She sighs and rolls  
her eyes. She answers.

ELIZABETH (CONT'D)

Draco Apollo, I swear you gotta get  
a human phone number with your new  
phone.

DRACO

(V.O.)

How the fuck did you know it was me?

ELIZABETH

You always call from an unknown number weirdo. I don't get spam calls anymore on top of that so what's up?

DRACO

(V.O.)

Fair enough, can I ask for your help with something?

ELIZABETH

You know we gave up our powers months ago, we're not knights anymore.

DRACO

(V.O.)

Come on- look I never begged for help before and I understand you have a family now but is there by any chance you can help me out with finding this Bellatrix chick please?

ELIZABETH

(Annoyed)

Ugh, why now of all times dragon?

DRACO

(V.O.)

Because I trust you guys the most despite my...strict ways.

She smirks.

ELIZABETH

I swore an oath but...we'll see what we can do.

DRACO

(V.O.)

Thank you, I owe you.

ELIZABETH

You already did us a favor by killing Daryl, so we owed you anyway. Let us know whenever you're ready and we'll get a babysitter.

DRACO  
(V.O.)  
Thank you, I'll see you in 48  
hours.

ELIZABETH  
2 Days weirdo.

CUT TO:

INT. HELICOPTER/EXT. ROOFTOP

Draco appears wearing headphones in the back while wearing his backpack full of blades.

DRACO  
Thanks Lizzie, I'll see you soon.

They hang up.

EXT. HELICOPTER - CLOUDS - CONTINUOUS

The helicopter flies away from New York.

CUT TO:

INT. DANNY AND ELIZABETH'S HOUSE

Elizabeth sighs as she makes a call. The phone rings 3 times. Someone answers.

ELIZABETH  
Hello?

CARLY  
(V.O.)  
Hey girl, what's up?

ELIZABETH  
I need an important favor from you.

CARLY  
(V.O.)  
What's up?

ELIZABETH  
Danny and I got an emergency this weekend, is there by any chance you can watch the kids until we come back?

CARLY  
(V.O.)  
Okay, but you owe me.

ELIZABETH  
Thanks girl, love you.

CARLY  
(V.O.)  
You're welcome, love you too.

She hangs up. She talks to her baby.

ELIZABETH  
Looks like Aunt Carly will be  
watching you for a while sweetie.

Baby Alyssa giggles at her.

CUT TO:

EXT. ALLEY - LOS ANGELES, CALIFORNIA - EVENING - THE NEXT DAY

A Figure wearing a black and red hoodie and sunglasses walks down an alley and stops on her right side. She checks her corners then presses a piece of wood behind a dumpster. The wooden wall transforms into a safe like door and it opens upwards automatically. She walks in and the door transforms back into a regular wall.

CUT TO:

INT. APARTMENT

The figure takes off their hoodie, revealing Crystal underneath as she sighs.

CRYSTAL  
Home sweet home.

She takes off her jacket and she appears wearing a small red Rocky shirt. She flops on her couch and looks up at her map of marked places she's been.

CRYSTAL (CONT'D)  
I'm about to get that fucking staff  
really soon.

DRACO  
A staff huh? That's cute.

She jumps up instantly as she takes out her loaded gun and stands ready in position.

CRYSTAL

(Shouts)

WHO THE FUCK IS IN HERE?!

DRACO

Really? You call yourself Bellatrix and still haven't become a ninja? That's weak.

CRYSTAL

(Shouts)

I HATE REPEATING MYSELF, WHO IN THE FUCK IS IN HERE?!

Draco's legs sneak down from above and grab her by her neck.

He twists his legs then throws her across the room into the wall. She climbs out as she struggles.

CRYSTAL (CONT'D)

Let me guess...Zero?

In Slow motion, Draco jumps down from the ceiling with his blades strapped on his back. She glances at him, completely stunned. He turns around slowly to face her.

DRACO

It's Draco Apollo actually. What's the matter? Never thought an assassin would find your apartment?

CRYSTAL

I have no beef with you. If you're here to recruit me for your team, I'm not interested at the moment. I'm joining the knights on my own terms; I don't care how attractive you are.

DRACO

Tempting, but I'm here to bring you in, you stole something that doesn't belong to you.

CRYSTAL

You're not fucking with my dream with gaining more power.

DRACO

There is such a thing as too much power, I know from experience.

CRYSTAL

Cute, I'm not fucking leaving with pigs.

DRACO

Then it's war I guess.

CRYSTAL

Whatever, bitch.

His eyes turn fiery blue. He grabs her without hesitation by her neck and she gasps. He slams her into the ground. She groans in pain but she super kicks him off of her and into the ceiling. She stands up.

CRYSTAL (CONT'D)

You fucked up my place asshole!

DRACO

At this point, I truly don't give a fuck.

He launches himself off of the roof very quickly to her direction. They clash as blue energy sparks from Crystal's aura. Draco looks confused but he presses forward.

She jumps forward in his direction and locks her legs across his neck to put him in a choke hold. She twists her body around very fast then leans backwards making his whole body fall over her head and onto the floor. He gets up and punches her very hard in the face 13 times while super kicking her in her left and right sides at the same time.

She blocks his 14th punch with her left hand then headbutts him in the face. She twists his right arm behind his back then super kicks him face first into the wall. She yanks him out by his legs then slams him into the ground. She gets on top of him and punches him 20 times in the face as the ground starts creating dents.

He grabs her hands then kicks her to the roof and jumps up after her. She aims for his neck then jabs him in the neck to cut off his breathing and he falls back to the ground. She tries to kick him in the crotch but he dodges as he backflips to stand up. Brutally beaten, he still makes a charge for her which catches her off guard. He super punches her, making her slam outside into the alley.

EXT. ALLEY - CONTINUOUS

She slams into the building across from her hideout. She gets up again as she appears to be slightly beaten up. Draco walks out of the darkness.

DRACO  
Just fucking Come quietly, and  
there'll be no more problems.

CRYSTAL  
(With Anger)  
FUCK YOU!

The FBI SWAT teams pull up from each side of the alley,  
blocking her exits.

CRYSTAL (CONT'D)  
(Worrying)  
SHIT! SHIT! SHIT!

She activates her powers and puts Draco In a chokehold with  
her aura. He struggles to catch his breath.

CRYSTAL (CONT'D)  
(Shouts)  
You forced me to do this  
motherfucker!

She THROWS him into the nearest FBI truck. She flies back  
into the apartment. The guards run in immediately after her.

INT. APARTMENT - CONTINUOUS

They rush in quickly to catch her with their guns ready.

They scan their surroundings to see every single important  
paper is gone along with her. Draco rushes in swiftly through  
them and stops as he gazes at the building in awe.

DRACO  
Damn, she's fucking good, I'll give  
her that.

CUT TO:

EXT. OUTSIDE OF THE CRIME SCENE - 30 MINUTES LATER

Draco appears crouching over the ledge looking over the city  
with bandages on him. He slightly gazes forward.

DRACO  
You're late, you know?

Elizabeth and Danny are standing behind him near the door.

ELIZABETH  
Well you asked for us Dumbass.

He turns around and smirks.

DRACO

I'm glad you could make it.

DANNY

We managed to get a baby sitter for a few weeks, what's the emergency buddy? And why is your face fucked up?

DRACO

I'm taking Zion's position for this assignment while he's out of town with Alexis. I kinda figured I need more muscle with me for this mission than just myself and so I don't accidentally destroy the world in the process.

DANNY

Well, Sky and Tori are attending a game convention, Becky and Ty are off the grid for some reason but I guess it's understandable why you'd want us.

ELIZABETH

For the record, if we get caught, Sky will be on our ass.

DANNY

Babe, we're helping a friend for a few weeks, then afterwards we won't use our powers anymore.

She sighs and groans.

ELIZABETH

This better be good dragon, I wanna get back to my babies.

He sighs in relief.

CUT TO:

INT. DRACO'S HOTEL ROOM - NIGHT

Danny and Elizabeth are sitting on the bed after Draco has finished explaining his mission to them.

ELIZABETH

So a female version of you has Merlin's staff and wants to unleash a 3 headed dragon upon the world. Did I get that right?

DRACO

It sounds less complicated when you say it like that.

DANNY

Another Draco? Holy fuck.

DRACO

Hey, I'm not that bad.

Simultaneously, they gaze at him with raised eyebrows, causing him to groan.

DRACO (CONT'D)

Alright alright alright, whatever, this chick already has powers and intense strength.

ELIZABETH

Come to think of it, the elixir of prime was stolen from The Museum Of Natural History a month ago, they never found the person who stole it.

DRACO

Actually, we do.

He pulls the video up on his laptop. Everyone walks up and stands behind him to watch.

On the screen, A security footage of 2 armed guards surrounding the vault. The lights go out. Night vision activates on the camera. The guards look around with their guns ready in confusion. A hooded figure with a staff smacks the first guard across the face then kicks him very hard in the chest out of the view of the camera within 5 seconds.

GUARD #2

(O.S.)

HEY! WHAT THE-

On the screen, the figure kicks him in the crotch then uses the staff on him as they raise him up then they twist him around Super-fast, and they slam him into the vault. The figure runs out swiftly then runs down the hall past the security camera.

ELIZABETH AND DANNY  
 (In Shock)  
 WHAT THE FUCK?!

Danny and Elizabeth stand up slowly.

DANNY (CONT'D)  
 Babe, this chick can take out the whole team.

ELIZABETH  
 Hold on, it's not that deep. She's not a threat to us yet, maybe we could try to talk to her. Remember how we got through Candace?

DANNY  
 It took a while for her to come around but I see where you're getting at. Draco, Is there any possible way you can go in Without weapons to talk to her?

DRACO  
 Get her to come quietly? She's not really the talking type.

ELIZABETH  
 At least give it a try and we'll let the agency know we're helping you with this mission.

DRACO  
 Thank you again guys, it means a lot.

DANNY  
 Of course buddy, Lizzie missed you but she's too prideful like you.

ELIZABETH  
 Whatever fucking moron.

Draco giggles.

DRACO  
 We'll leave tomorrow guys.

DANNY  
 Aye aye Captain.

I don't want to.

THERAPIST

(V.O.)

It takes time for everyone to adjust to a new school or new home.

CUT TO:

CRYSTAL  
(With Anger)  
NO THE FUCK YOU DON'T! I'M FUCKING TIRED OF THIS BULLSHIT! MY PARENTS DON'T FUCKING UNDERSTAND! NO ONE FUCKING UNDERSTANDS WHAT THE FUCK IM GOING THROUGH! I WANNA BURN THIS SHIT DOWN WITH EVERYONE IN IT!

The therapist gets emotional as he watches her.

CRYSTAL (CONT'D)  
You know what...I'm gonna join the fucking seals, fuck this school, fuck graduating, I'm fucking done.

THERAPIST  
(Worried)

CRYSTAL

LAURA  
Oh wow, The OG Solar Knights, it's an honor to meet you.

ELIZABETH  
Likewise ma'am.

DANNY  
We have information that'll help you with your case on Crystal Carter.

LAURA  
Awesome, I'm all ears.

SKIP AHEAD:

TEXT ON SCREEN: 5 MINUTES LATER

Laura is standing on the desk behind her with her arms behind her back on it.

LAURA  
Very Interesting, she's After the Elixir of Prime and she already has stolen Merlin's staff. She's up to something big then. However, that doesn't explain why she would go off the grid after retiring from the Navy.

ELIZABETH

She was a soldier?

LAURA

Yeah, the absolute best, even saved families from terrorists who took our technology. We haven't fully released this information yet to the public because we want to help her, but if she has a bigger motive, it will jeopardize her reputation and she'll be in prison for life without parole. That's if we can catch her in time.

DRACO

I wanna try talking to her.

ELIZABETH

Talking and fighting are two different things here Draco.

DRACO

I Know but for someone to be that caring then lose it, has to have had an intense past. I know from experience. Plus, she thinks I'm attractive, so I at least have that advantage.

LAURA

Alright, we'll send you in solo. If you need back up, Danny and Lizzie will be on standby to back you up.

DRACO

Thank you.

LAURA

Draco-

DRACO

Yes?

LAURA

Don't fuck this up please.

DRACO

No promises but I'll try my best.

LAURA

Wheels up in 30 minutes, Dex and Lexie are on their way back from their trip, looks like this will be your team.

DRACO

I wouldn't have it any other way.

CUT TO:

EXT. ROOFTOP - FBI BUILDING

Dexter slides the door open and Alexis appears sitting next to him with headphones on.

DRACO

Welcome to the party buddy!

DEXTER

Sorry I'm late! We had a delay with our flight! Good to see ya Lizzie and Danny!

ELIZABETH

Good seeing you too Dex!

Everyone climbs aboard as they take headphones. Laura sits in the front seat and puts on headphones. The helicopter takes off in the air then flies to the right over the city.

DEXTER

(Shouts to Draco)  
How's the mission going for you so far buddy?!

DRACO

(Shouts to Dexter)  
I hate her already!

DEXTER  
 (Shouts to Draco)  
 So that means it's going good!

DANNY  
 (Shouts to Dexter)  
 She's like his soulmate!

ELIZABETH  
 (Shouts to Dexter)  
 Yet more aggressive!

ALEXIS  
 (Shouts to Danny and  
 Elizabeth)  
 She sounds badass yet dangerous!

DANNY  
 (Shouts to Alexis)  
 Just like him!

DRACO  
 (To himself)  
 This is gonna be a long mission.

CUT TO:

EXT. STREETS OF HOLLYWOOD, CALIFORNIA - SUNSET

Crystal holds her bags on her right shoulder as she walks into an alley and makes a call on her phone. Someone answers.

CRYSTAL  
 (Nervously)  
 Hey...I know it's been a while and  
 you said I can call you if I need  
 anything right?

She listens to the other person talk then she sighs in relief.

CRYSTAL (CONT'D)  
 Can I stay at your apartment since  
 you're not using it?

The other person talks again then she sighs in relief again.

CRYSTAL (CONT'D)  
 Thank you so much, I owe you.

The person talks again then she responds.

CRYSTAL (CONT'D)

Okay, bye.

She hangs up and walks up the stairs to the apartment complex.

CUT TO:

INT. NIGHT CLUB - NIGHT

The atmosphere is popping and lively as Hip-hop music plays across the club as everyone dances. Crystal walks in the club wearing a beautiful white dress, silver earrings, red lipstick, and white heels as she scans her surroundings, blending in with the crowd. She walks up to the bar and the bartender comes up to her.

BARTENDER

What will you have tonight ma'am?

CRYSTAL

I'll have a apple martini please.

BARTENDER

Coming right up.

He walks away. Glancing at her phone, she notices that Candace has sent her a message.

She smirks and starts texting her. A mystery gentleman sits next to her, wearing a black and red polo outfit, black jeans, and matching polo shoes. She shifts her gaze upwards and sighs as she puts her phone away.

CRYSTAL

I see you found me ninja.

The mystery gentleman reveals to be Draco with a fresh fish scale dread cut. Amazed, she gazes at him with a hint of arousal.

She snaps out of it and faces forward. The bartender gives her, her drink then she gives him a tip. He bows then walks away.

DRACO

I just wanna talk.

CRYSTAL

You cleaned yourself up just for a fucking "talk"? Yeah right.

DRACO

I'm doing this because I'm trying a different approach without destroying shit. No bullshit will come out of this I can promise that.

CRYSTAL

Fine, make it quick before I change my mind.

DRACO

Since We've already established the fact that we are enemies.

CRYSTAL

Tell me something new.

She takes a sip of her drink.

DRACO

I have a proposal for you...if you kick my ass in a battle, you won't get in trouble with the law for your crimes and you'll never hear from me or the knights again. If I win, you stop your plans for revenge, turn yourself into the knights, and return everything you stole.

She scoffs.

CRYSTAL

WHEN I Kick your ass, alien boy, I will carry out my plans and will have your head on my wall or better yet, your soul trapped within my powerful staff for eternity. That sounds better to me.

DRACO

It's a deal.

He takes a shot from his drink.

CRYSTAL

So, Is it just you here?

DRACO

Yup.

CRYSTAL

Let's call tonight, a temporary  
truce but tomorrow, we're enemies  
again...got it?

Confusion clouds his gaze as he looks at her.

DRACO

I don't understand.

She rolls her eyes and gets up.

CRYSTAL

You know how to dance right?

DRACO

No, I never learned how to on my  
planet.

CRYSTAL

Come on, blend in with the crowd  
weirdo.

As she moves confidently through the crowd, he rises and follows her. Observing the dancers swaying in tune to the music, he glances around, searching for her nervously. The sound of the music shifts, altering the atmosphere.

*"Around Me" by Don Toliver & Metro Boomin Starts playing.*

Everyone changes their dancing positions. Draco gazes at Crystal who is standing in front of him.

She starts moving her body back and forth with the flow of the beat. She walks up to him while still moving her hips. She walks around him while switching side to side as he keeps eye contact with her. He starts moving his body with the flow of the beat. She smirks.

CRYSTAL (CONT'D)

There ya go big boy.

He gets more into the groove of the song, and she copies his moves. He loosens up and keeps dancing. She laughs as she watches, she takes his hands and the two begin matching each other's dance movements. In slow motion,

As they lean in to kiss passionately, a beam of light shines between them. They embrace closely, with him gripping her firmly while she locks her arms around his neck.

CUT TO:

INT. CRYSTAL'S APARTMENT - NIGHT

The atmosphere is tense and passionate as Draco passionately fucks Crystal against the wall, eliciting intense moans of pleasure from her.

SKIP TO:

He moves slowly, seeming to dominate her on the bed. Between kisses, he exhales a small breath of fire into her mouth as he passionately makes love to her, she embraces him tightly. As he quickens the pace, she begins to moan softly in his ear while pulling him closer.

*Song fades.*

CUT TO:

INT. CRYSTAL'S APARTMENT - 4 HOURS LATER

Crystal's bedroom is destroyed. Draco and Crystal are breathing heavily as they cuddle each other, amazed from their first sexual encounter.

CRYSTAL

(Amazed)

Shit...I...never been fucked like that before, at least not by a man.

Draco chuckles.

DRACO

As far as I can remember, I only heard that from one girl.

She glances at him.

CRYSTAL

Why not join me? We can fuck this world up together.

DRACO

As fun as that sounds, I can't do that; I made a promise to be good. I have people here that I can rely on.

She sighs.

CRYSTAL

Must be nice.

DRACO

You are a warrior, yes, but you could use your talents for good like how you were in your past.

CRYSTAL

You think you're good for what you do? Let me know when was the last time you fucked someone up for fucking with your life.

DRACO

I killed Daryl Lewis.

Her eyes widened in shock.

CRYSTAL

Wait a minute, The splattered guts that was on the news...that was you with that blade of yours?

DRACO

Mhm. He took over my home planet and made me what I am. I was tortured and trained to be a ruthless killer, while my mom was a slave and my sister served at his palace for 5 years.

CRYSTAL

How did you get out?

DRACO

My friend who abandoned me when we were younger came back to save the planet and me.

She glances downward for a brief moment before returning her gaze to him.

CRYSTAL

Fair enough. Your suit was cool even though you didn't have anything to say to the news crew.

He smirks.

DRACO

I'm no one to admire.

CRYSTAL

That's bullshit. With the way you are now, you can perfectly blend in with humanity in no time.

DRACO

Humanity is slowly growing on me.

CRYSTAL

It sure looks that way with the knights.

DRACO

So...What caused you to go into this lifestyle when you could have just changed yourself for the better?

CRYSTAL

I was bigger when I was younger in school. I used to cut myself every time I was bullied for it until one day I just snapped and left. I want revenge. I want my enemies from high school to feel the same pain I did. That's why I ran away and joined the seals.

DRACO

I'm...I'm sorry.

CRYSTAL

It wasn't easy getting through the seals training, but I wanted more. I did underground fighting for a while after I retired because I wanted to get stronger. I researched my history on the most powerful weapons in human history, one of them was Merlin's staff and The Elixir Of Prime.

DRACO

Merlin is quite a famous name, is it wizardry?

CRYSTAL

Yes, in mythology, he's a wizard from medieval times. Very powerful, with the Elixir of Prime combined with the staff, I can unleash a 3 headed dragon upon the world.

DRACO

That's insane. The world has been through enough dealing with Daryl, your kind doesn't need another threat.

CRYSTAL

I won't target the world, just the people who were involved with bullying me in the past.

DRACO

Why not just do something simply as walking up to them and punching them in the face?

CRYSTAL

It's tempting but I Can't let everything I have planned be for nothing.

DRACO

You still have a chance to do some good for the world Crystal.

CRYSTAL

Do good for a world that's already fucking itself over? Yeah right.

DRACO

I've learned to become more optimistic when it comes to dealing with people, however, how they react to what I have to say would be the issue.

CRYSTAL

Not everyone wants to be saved. Everyone's different. People will see the worst in you based off of the bad you've done a lot before getting to know the real you. I always told myself that if anyone who comes my way who can handle me, will be the best day of my life.

He chuckles, causing her to look at him.

CRYSTAL (CONT'D)

What?

DRACO

You sound like me.

CRYSTAL

(Shouts)

Wait!

He stops to look at her.

CRYSTAL (CONT'D)

The truce isn't over until morning,  
get back here.

He grins as he lays his clothes aside before climbing back into bed. She rests on her stomach with her bottom lifted, gazing at him.

CRYSTAL (CONT'D)

Round 6 in the other hole this time  
motherfucker.

He cracks his neck and sits up.

CUT TO:

INT. HOTEL ROOM - NEXT MORNING

Elizabeth, Danny, Dexter, and Alexis sit on the couch in Draco's room in their "Solar Knights" themed pajamas.

DANNY

Anybody heard from Draco?

ALEXIS

Nope, I hope he's okay.

The front door knocks 6 times, and everyone glances in his direction. Dexter gets up and walks to the door and answers.

Draco, not saying a word, stands at the door with his clothes ripped, face sweaty, and neck covered in hickeys. Everyone looks at him in shock and Danny clears his throat.

Draco holds up his finger as he does the walk of shame as he holds his underwear in his left hand. He walks into the hotel room and walks straight to the bathroom. He looks at everyone then nods in reassurance then closes the door. Dexter closes the door behind him and walks back to Danny, Elizabeth, and Alexis. Draco turns on the shower as no one says anything and he starts showering. Alexis covers her mouth as she giggles to herself along with Elizabeth.

Alexis mouths her words to Elizabeth as she uncovers her mouth.

SUBTITLE: They definitely fucked the shit out of each other.

Elizabeth responds as she points to Dexter and the bathroom Draco is in.

SUBTITLE: Do they have high sexual energy?

Alexis responds.

SUBTITLE: Yes! And they're shockingly Hella packing down there too, close to 13 inches, so she'll be limping all day.

Elizabeth responds.

SUBTITLE: Girl! I'm surprised your not pregnant yet!

Alexis responds.

SUBTITLE: I'm already working on it, I'm gonna make this man my fucking husband!

Elizabeth gives her a thumbs up and responds.

SUBTITLE: I'm rooting for you two!

Alexis responds.

SUBTITLE: Thank you boo!

The shower turns off. Draco steps out of the bathroom , wearing a white shirt with black shorts, as he holds a bag of ice in between his private area under his clothes and he walks over to the team then sits next to Dexter.

DRACO

Go ahead.

Everyone starts talking at the same time with excitement.

His expression shows surprise towards everyone as he straightens up.

DRACO (CONT'D)

Hold on, one at a time!

ALEXIS

Oh my god, how was the sex?

DEXTER

Babe.

ALEXIS

Like YOU don't want to fucking know?!

He thinks to himself for a few seconds then looks at him, now curious.

DEXTER

Actually, How did everything go dude?

DRACO

We talked at the club for a little bit...then we danced.

DANNY

You actually danced?

ELIZABETH

We definitely gotta see that.

DRACO

Then one thing led to another and we went back to her apartment and...talked some more. That was end of that night.

Everyone groans and lays back annoyed by his response.

DEXTER

Are you sure that's all that happened buddy?

DRACO

Yup.

CUT TO:

QUICK FLASHBACK CUT - INT. CRYSTAL'S BEDROOM - NIGHT

Crystal moans and breathes heavily at the same as she cries out Draco's name as he fucks her roughly in her ass, making her bedframe bang against the wall repeatedly. The bed appears to have a big soak stain in the center.

CUT TO:

OUT OF FLASHBACK

Draco snaps out of his deep thought and nods.

DRACO

Yup, that's all that happened. Oh, I also figured out that she's bluffing about her motives as well.

DANNY

What do you mean she's bluffing?

DRACO

We know her plan is to unleash a three headed monster upon the world but based off of everything that she told me, it feels personal but also doesn't. She was never accepted for who she was because of her weight in high school, making her an outcast. She wants to get revenge on everyone who bullied her but I think what she needs is something more just revenge.

ELIZABETH

You have something in mind?

DRACO

Yeah...two things actually, and we'll need Laura for this one.

DEXTER

Alright, I'll get on it.

ALEXIS

We're gonna need more information about that monster she wants to unleash.

ELIZABETH

Danny is the history buff here, this is more up his alley.

CUT TO:

FLASHBACK - 270 BC - ANCIENT GREECE - CITY VIEW - EVENING

TEXT ON SCREEN: 270 BC - ANCIENT GREECE

DANNY

(V.O.)

Like 3 headed monsters in films, they're quite the powerful beasts. The one she's trying to unleash, one just as massive as me and Titan, known as the Chimera. In ancient Greece, they had a brutal time dealing with creatures this powerful. The creature, Chimera, was the most feared of them all.

A random bystander wearing old clothes walks past a dark alley carrying fruit and gets stopped by the sound of heavy breathing. He glances down the alley to see what was causing the noise.

DANNY (CONT'D)

(V.O.)

This creature was an offspring of a Nemean Lion and a Sphinx. Lycia, Asia Minor. It is usually depicted as a lion, with the head of a goat protruding from its back, and a tail that might end with a snake's head. It tricks its prey by blending in with the darkness, and then...they pounce.

The creature roars and lunges at the man as he screams in fear. The basket of fruit is dropped and scattered everywhere.

DANNY (CONT'D)

(V.O.)

When the creature first emerged, the city called for their best warriors to take on the creature.

CUT TO:

EXT. CAVE - OUTSIDE OF THE CITY - A MONTH LATER

DANNY

(V.O.)

The king at the time, King Rhamend, sent his Hoplites to the creature to its hideout on the outskirts of the city.

The army of soldiers stand ready with their shields up as they prepare to fire a catapult inside.

DANNY (CONT'D)

(V.O.)

However, they weren't prepared for what was about to happen next.

The huge beast comes out of the shadows and ROARS at them, its appearance is brown as the scales appear black for its tail.

SOLDIER

(Shouts)

OPEN FIRE!!!!

Fire emerges from the darkness at the camera.

CUT TO:

OUT OF FLASHBACK

DANNY

Some say that the beast can wipe out civilians within 5 minutes. Under the control of a person with strong rage and pain, they can possibly wipe out the universe combined with Merlin's powers flowing through their body.

DRACO

That's a wicked backstory fam.

DANNY

Thanks, I'm thinking about coming a narrator one day too.

Draco chuckles and nods in agreement.

ALEXIS

This girl is a former soldier, it's possible she could have PTSD too. If the court can find her army and therapy documents, she can possibly get a reduced sentence.

ELIZABETH

She's been fighting her pain for a long time, any person that has rage has to have been bullied.

DANNY

We know how that feels all to well.

DRACO

We're enemies still but I'm gonna have to win this fight without destroying the world in the process.

ELIZABETH

I can be of help in this fight dragon, not just fighting.

He glances at her and nods.

DRACO

Alright, we'll move out in 24 hours, Dex, call Laura, have her meet us at the agency tomorrow morning.

DEXTER

Will do buddy.

Everyone pats Draco on his shoulders as they get up and Alexis kisses his forehead then she runs off. He chuckles as he shakes his head.

CUT TO:

INT. CRYSTAL'S APARTMENT - EVENING

Crystal, limping in slight pain, walks over to the table and picks up the staff of Merlin as she has the Elixir of Prime in her right hand. As she gazes into the blue gem atop the staff, she takes long, deep breaths.

CRYSTAL

With this staff and Elixir, I wish to vanquish my enemies and become a powerful warrior. I want to lead an army of trained fighters so no one will stand in my way. The great beast from ancient Greece will be under my command as well. Grant me my wish...so I may become the most powerful woman in the universe.

The staff lights up slowly. She pops open the gray bottle and drinks the elixir. The staff strikes her body and she gasps out of shock. The power of the staff channels throughout her whole body as she groans in pain. Her body rises slowly as her eyes widen. Her white hair turns into long dreads.

Her body gets covered in Excalibur metallic armor as the colors appear to be mixed with white and black. BOOM! She lands on her right foot with her fist in the ground. The diamond turns the whole staff into a white and silver sword. She gazes up as her eyes light up bright white and a black helmet covers her eyes and nose. She takes the sword and looks at its markings in admiration.

BELLATRIX

Sexy, time to unleash the beast.

She takes her bag and walks out of the apartment. In slow motion, A trail of lightning emerges from her back across the area.

CUT TO:

EXT. HOTEL ROOF - 6:00 AM MORNING

Draco, wearing only his gym shorts and shoes, gazes up at the sunrise as he appears to have finished training. Elizabeth and Alexis walk up behind him.

DRACO

She's gotten stronger.

ELIZABETH

How do you know?

DRACO

I sense her presence in this city, like a powerful warrior has just awakened. She wants the world to feel her wrath for casting her out. A part of me doesn't blame her but your world has suffered enough already.

ALEXIS

You know, I'm not a samurai or assassin Z, but, we of all people know what it's like to be different. She needs someone to trust. She's broken like how Bethany was when I met her. Are you really going to kill her?

DRACO

If she doesn't give me a choice then yes. I would understand if you wouldn't want me on the team anymore if I do.

ELIZABETH

Z, that's not the purpose of the knights. Our purpose is to keep the peace. If any of us fucks up, then we fuck up but we move on. It's a part of life here, I wanna make sure my kids grow into the world not afraid to make a mistake.

(MORE)

ELIZABETH (CONT'D)

You're a badass warrior but you gotta remember, you can't always solve problems with your fist. Some people need more than that.

DRACO

What's that?

ELIZABETH

Patience, Cooperation, and Understanding.

He thinks to himself for a few seconds. He puts on his black shirt that's hanging over the ledge as he turns around to the girls.

DRACO

Alright, but after this is over, we gotta make a deal with your law enforcers.

ALEXIS

What kind of deal?

He smirks.

DRACO

I got an idea but one thing I have to ask, did you two come up here to look at my body?

They both squeal in shock as a response.

ELIZABETH

(Nervously)

A...absolutely not!

ALEXIS

(Nervously)

N...no you're just...overthinking things weirdo!

They try to walk away from the scene but they actually bump into each other while still staring at Draco. He chuckles to himself in the background.

CUT TO:

INT. FBI HEADQUARTERS - MEETING ROOM - LOS ANGELES,  
CALIFORNIA - AFTERNOON

Everyone appears to be suited up in their knight outfits. Laura checks her watch impatiently.

LAURA  
Where's Draco dex?

DEXTER  
He'll be here momentarily. However, one thing I forgot to mention about him is that you should never disrespect him or the people he cares about.

ALEXIS  
Other people will just let it go after a while but Draco is all about honor and respect. He knows what he's doing and will do.

LAURA  
Alright, just...don't make me regret this. My job would be on the line if any more casualties are involved.

DEXTER  
We'll do our best.

She nods in agreement. The door opens and everyone turns to look at it. In slow motion, Zero walks in with his samurai weapons on his back and his are lit up fully red. His new blades shine as they appear to be red with gold Chinese markings on them.

ELIZABETH

FLASHBACK - INT. DRACO'S OLD HOME- BASEMENT- PLANET NEBULA  
VISIT - MORNING

Fiona turns on the downstairs basement lights as her and  
Draco walk down.

DRACO

So what did you wanna show me sis?

FIONA

I've been working on a cool project  
for a while since we were rescued.  
I know you're a warrior or  
whatever, but it would still be  
cool for you to have these.

DRACO

Sis, my weapons are swords, guns,  
fists, and powers.

FIONA

You may have those things big  
brother, but it won't hurt to have  
something bigger than those in case  
you need to fight something bigger  
than you.

She walks up to her table and presses on the keypad.

AI SYSTEM

(Female)

Welcome, Fiona Apollo.

Draco rolls his eyes and crosses his arms. The table opens up  
and a big circular containment emerges from underneath. Draco  
is shocked at the brand-new invention as the containment  
locks open, not within our view.

DRACO

(Amazed)

W...What the fuck are those?

FIONA

In Earth's English language,  
they're called Gauntlets. I  
personally call them gloves but,  
Gauntlets sound cooler I guess.

(MORE)

FIONA (CONT'D)

I took your DNA so it can match to your inner thoughts you may feel during battle. Your swords can't do that so, I figured this would help.

He looks at her in concern.

DRACO

You really were worried about me huh?

FIONA

Of course, I'm not that heartless.

He embraces her tightly and she reacts in shock. She reciporicates the hug as she puts her face in his chest.

FIONA (CONT'D)

Weirdo.

DRACO

Fucking...Smart ass little shit. I have something else to give you.

He reaches in his pocket and gives her a red diamond necklace.

DRACO (CONT'D)

With this. It'll let you know that I'll need you for battle. If mom asks, tell her that I got it for you as a late birthday gift.

FIONA

Thank you, you won't regret it I promise.

DRACO

I know because I believe in you.

She tears up but she looks away while crossing her arms.

FIONA

(Slightly emotional)  
D...don't say things like that.

He giggles.

DRACO

No matter how old you get, you'll still be my little sister.

She relaxes and gazes back at him.

FIONA  
 And you'll always be my big  
 brother.

He smirks at her then looks at the brand-new invention.

I do.

Danny looks confused but then his face turns serious.

a miracle, if I do, you'll be the  
first to know.

DRACO (CONT'D)

(V.O.)

I've learned to become more optimistic when it comes to dealing with people, however, how they react to what I have to say would be the issue.

ELIZABETH

(V.O.)

You're a badass warrior but you gotta remember, you can't always solve problems with your fist. Some people need more than that.

DRACO

(V.O.)

What's that?

ELIZABETH

(V.O.)

Patience, Cooperation, and Understanding.

CLOSE UP ON CRYSTAL'S SHOCKED REACTION. CLOSE UP ON ELIZABETH'S SHOCKED REACTION.

Her older sister with Pink and black hair,(35), Dara, walks up from behind them and smacks Crystal in her face as she cries. Crystal looks at her as she cries more.

DARA

NEWS ANCHOR WOMAN

(V.O.)

Details emerge about the turn of events of last week's attack in Central Park near "The Solar Knights" statue. A former Navy Seal, Crystal Carter, was responsible for stealing the elixir of prime and Merlin's staff that was also missing recently. Crystal's court hearing is scheduled for Monday morning at 10am.

CUT TO:

INT. COURTROOM - MORNING

Crystal, brutally injured, sits with her attorney with switches in her head and her right arm in a cast with Crystal's family, Draco, Elizabeth, Dexter, Alexis, Laura, and Danny behind her as everyone else is nicely dressed. Witnesses take to the stand.

FORMER FEMALE BULLY

It was awful for what we did to her growing up. Honestly, I even got therapy myself for my own anger issues. I never would have guessed that she would go so far as to try to destroy the world or even come after us with a big creature.

(MORE)

## FORMER FEMALE BULLY (CONT'D)

I genuinely hope you can forgive me Crystal for being a bitch to you back then, you didn't deserve any of that.

SKIP AHEAD:

## NAVY SEAL SERGEANT

She was the best of the best. She trained her ass off every single damn day she could even when it was time to rest. She didn't give up and I think she shouldn't give up now. If you have PTSD from your past experiences Crystal, I truly hope you get some help, our soldiers are still rooting for you.

Crystal covers her face as she tears up.

SKIP AHEAD:

## ELIZABETH

She's definitely a tough bitch. Her years of underground fighting and military training has really paid off. With proper training, I think we can whip her into better shape after she serves her time.

She pouts as she crosses her arms and looks away.

SKIP AHEAD:

## DRACO

She's really misunderstood. She was an..."outcast" as you humans say. She wanted to be stronger for the wrong reasons and she lost herself in the process. But everyone who's lost is never truly lost, they can be found. I believe in her and the world shouldn't give up on her either.

Crystal blushes.

## DRACO (CONT'D)

I got one more thing to say your honor.

## JUDGE

Proceed.

He stands up.

DRACO

To everyone who fucking bullied  
this beautiful woman because of her  
fucking weight in school deserves  
to be run over with a fucking bus!

Everyone looks shocked.

DRACO (CONT'D)

Bullies don't fucking get no where  
in life, and just because I'm  
defending her, doesn't mean I'm  
going soft, I've destroyed MANY  
FUCKING armies across the cosmos  
and I have come to like this planet  
but DO NOT TEST ME, if you wanna  
try me or my superpowered friends,  
PLEASE FUCK AROUND AND FIND OUT, I  
FUCKING DARE YOU!

He sits down and clears his throat and looks at the judge.

DRACO (CONT'D)

That's all your honor,  
respectfully.

JUDGE

Very good Mister Apollo, you may be  
seated.

He walks back to his seat and quickly glances at the jury and  
they react in shock, he faces forward again.

SKIP AHEAD:

JUDGE (CONT'D)

Has the jury reached a verdict?

JURY

We have your honor. Due to the  
recent testimonies given by the  
knights and other people from Ms.  
Carter's past history. The jury  
announces that Crystal Carter is  
found Guilty and will serve 2  
months in a correctional facility  
with the possibility of parole.

(MORE)

JURY (CONT'D)

She will remain on house arrest for 5 years with an agreement that she seeks therapy for her past experiences while serving and she can not travel outside of the US only if granted permission by the knights. She will also be monitored by "The Solar Knights" in her captivity once she leaves the correctional facility.

JUDGE

Very well.

He bangs on the gavel. Concern fills her as she gasps. She Gets up and walks over to her quickly before a policeman comes over.

DRACO

Don't worry, we'll be right there when you get out.

CRYSTAL

W..wish me luck.

He kisses her forehead as she closes her eyes. He rests his head on hers. She looks at her parents and sister as they wave at her. She waves back to them.

DRACO

Good luck Bellatrix.

CRYSTAL

(Emotional)

See ya later, Zero.

He looks at the policeman and nods. She walks with him out of the courtroom. She looks back at him one more time then leaves. Draco is worried as he watches Dexter approach him from behind and gently pat his back, all in slow motion.

CRYSTAL

CRYSTAL  
Who's house is this?

DRACO  
It belongs to someone higher up than me in "the solar Knights" team. Their parents were generous enough to let you have the home since you're gonna be on house arrest for 5 years.

CRYSTAL  
Who exactly?

DRACO  
Victoria's parents are quite famous. You won't be bored, you'll be able to stay up to date with everything, you also got a home gym and spa.

She smirks and shakes her head in disbelief.

CRYSTAL  
Now I seriously owe that bitch a lot.

DEXTER  
Also we took the liberty of giving you a personal debit card that you can use for online shopping, etc. Just as long as you don't get into any more trouble.

She sighs in relief.

CRYSTAL  
I don't deserve this.

DRACO  
Second chances are possible, a good friend taught me that too.

With a smirk on his face, he glances back at Dexter.

CRYSTAL  
Thank you...all of you.

ALEXIS  
No problem. You're a great fighter Crystal, don't lose that motivation, you can kick some serious ass.

CRYSTAL

I won't, I still gotta beat Draco  
that's my next mission.

DRACO

I'm looking forward to it.

They walk up to the door of the house, and they walk inside.

DEXTER

You think they're gonna be  
together?

ALEXIS

For sure, if someone else is out  
there like him, Crystal will be  
there to fuck them up first before  
he does.

He nods in agreement.

CUT TO:

INT. HOUSE

Crystal gasps in awe upon viewing her stunning new luxury

We set no rules on how to win, but  
I couldn't let you lose yourself to  
that kind of power. Don't worry,  
you will be able to contact your  
parents, us, and Candy.

She embraces him tightly as she turns toward him.

CRYSTAL

Thank you.

DRACO

For what?

CRYSTAL

Not giving up on me.

He embraces her tightly in return. She leans back a bit and plants a kiss on him. As she presses her chest against his, he reciprocates the kiss. He firmly grasps her butt as they share a deep passionate kiss. They pull away after 30 seconds to look at each other.

DRACO

Lizzie and I will be checking on you every day.

CRYSTAL

You better or I'll find you and fucking kill you.

He giggles.

DRACO

See ya later, Crystal.

CRYSTAL

See ya later, Draco.

CUT TO:

EXT. HOUSE

Draco walks out of the house feeling relieved.

DEXTER

So is your new girlfriend gonna cooperate with us?

DRACO

She's not my girlfriend...

He slightly glances back at the window to check on her. She smirks while gazing at him then she closes the blinds.

DRACO (CONT'D)

At least not yet.

DEXTER

That's my boy, come on, let's go home.

HEARTENRA

(O.S.)

Hey my big dragon! I heard you have an Earth girlfriend!

DRACO

How did you find out about- UGH!  
I'm gonna kill Zion.

FIONA

(O.S.)

Draco! I hear she's hot! And a badass fighter! Did you fuck her?!

HEARTENRA

(O.S.)

Fifi, that's not appropriate.

DRACO

She's NOT my girlfriend! She's...an ally yet still my enemy.

FIONA

(O.S.)

You gotta understand women better, big brother. You're such a hard head.

DRACO

You're so lucky you're not here Fifi.

HEARTENRA

(O.S.)

Honey, you actually saved a life  
instead of taking one. I'm so proud

DRACO

(V.O.)

them enough for helping me out with  
this. If it wasn't for them, I more  
than likely would have handled the  
situation my way.

Carly with braids in her hair, a purple shirt, white shorts, and purple socks on, stands up from the couch and walks over to them with excitement with the babies in her arms. She sighs in relief as she takes baby Alyssa and Danny takes Jose.

She embraces all of them including Draco simultaneously.

Draco struggles to breathe as she has them in a tight grip.

CUT TO:

INT. FBI BUILDING - NEW YORK - EVENING

Draco, Dexter, Alexis, Elizabeth, and Danny stand in front of Laura in casual clothing still injured from the battle.

LAURA

Thank you guys, especially Draco and Lizzie. Everyone has done an incredible job with this.

DEXTER

You're welcome, it was my case to begin with, but I figured my friend needed some type of closure with someone who's kinda like him.

DRACO

You're lucky you're my best friend Z.

LAURA

You guys didn't fuck up the city too bad so you get a pass. However keep an eye out for Crystal since she did attack LA with those ninjas we can't risk anyone stopping by her place for a riot.

ELIZABETH

We definitely will.

ALEXIS

So what do you think of Draco, Laura?

LAURA

He's okay, broken but he's repairing in a good way.

DRACO

Um thanks, I think.

LAURA

Do you wanna join our force with Dex? We could use extra muscle.

DRACO

That's a nice offer but I'm gonna stick with my friends. If he needs my help, you'll know where to find me.

LAURA

Fair enough, just go easy on the city okay?

DEXTER

Has this city ever been easy on us?

LAURA

You're right, just watch your back Draco.

DRACO

That I definitely can do.

FIONA

(O.S.)

I wouldn't be surprised if he gets more than one girlfriend. Better hope that Artemis doesn't come after you.

DRACO

Ha Ha, Hilarious sis. I haven't talked to her since Xron's invasion. My memory of her is faint but I'm sure she's doing alright without me, but I'm gonna get rest so I'll talk to you guys later, be safe.

HEARTENRA
