

"Flesh Eaters From Space"

EXT. DEEP IN OUTER SPACE - NIGHT

From deep space's perspective, the distant approach of the illuminated surrounding atmosphere of the colorful earth is seen.

Suddenly the velocity of the approach toward the blue planet begins to speed up. To the point where the warp of the speed becomes like the fast forward of a dvd or video recording of some action.

Now a rendezvous of the earth's outer most atmosphere is about to be breached.

INT. EARTH'S INNER SPACE ATMOSPHERE - NIGHT

Suddenly a spot within the first layer to outer space is violently disturbed by something unseen. Although there's no specific sound, there is an electrical spark occurrence.

As was in outer space, some form of invisible presence is in an earthbound descent through the clear night sky.

Moving at a relative speed, the descent continues. Although it's night, the approaching earth becomes more and more clear. Now the approach starts to slow down significantly.

EXT. PHOENIX, ARIZONA OUTSKIRTS - SUMMER - NIGHT

From overhead, the residential domiciles of a fairly crowded community are displayed. Aside from a few exterior lights on, like: street lights, exterior home lights, small business lights, and just a handful of interior lights, the suburban community appears to be retired for the night. Virtually no moving vehicles of any sort are seen anywhere. Also, not a living soul is about.

Though invisible, there's an obvious presence that's moving at a slow descent over the crowded community, toward a large desert clearing. Now about a hundred feet above the clearing, a slight degree of wind, sand, and dust debris is starting to kick up.

EXT. LARGE DESERT CLEARING - NIGHT

Still invisible, a city block wide presence is hovering. Suddenly an echoed thud and an enormous vibration is prevalent, as the large invisible craft from space, touches down. A large circular imprint appears as a trench type groove in the soft desert sand.

INT. HEART OF LARGE RESIDENTIAL COMMUNITY - NIGHT

From an overhead view, shortly after the powerful disturbance dissipates, interior and exterior lights at several homes go on. The landing was so strong, that the tremorous vibrations were felt throughout a wide radius. In the not too far off distance, a dog is heard barking.

It doesn't take long for home doors to open, and people to move out in their pajamas, shorts, t-shirts, etc., to investigate. Some just look out their doors, while others move out to their driveways, and the street looking around trying to figure out what just happened.

Unable to figure out the strange occurrence, after a short while, many people go back inside their homes. Some move to their neighbor's home to obviously mingle over what they all felt. Some just continue to look around, up, down, and all about.

Before long, as the mystery remains unsolved, everybody except one shirtless guy who's standing in his driveway smoking a cigarette, starts to go back inside their homes. With the majority back inside now, lights start to turn out, one home after another.

The shirtless guy, who's still in his driveway, moves to grab a folded lawn chair that's leaned in front of his garage door.

With cigarette in mouth, he unfolds the chair and has a seat. Relaxing and looking up at the starry, moonlit sky, he puffs on his cigarette. Shortly he reaches in his pants pocket for what looks like a marijuana joint. He takes the cigarette out his mouth, and puts the joint in. Using the cigarette as a match, he lights the joint, then extinguishes the cigarette out on the side of the lawn chair. He enjoys the joint.

EXT. LARGE DESERT CLEARING - NIGHT

At the large circumference where the invisible object sits, some out of this world sounds start to emanate from the obvious spacecraft. Now something more familiar sounding is suddenly heard. One by one, the sound of numerous portals of some sort of opening can be heard, but not seen in an overlapping fashion until all are open. Once again its process causes dust and sand to blow about until the sound of the portals opening, stops.

INT. HEART OF LARGE RESIDENTIAL COMMUNITY - NIGHT

A quick scan of several streets and cul-de-sacs are vacant and quiet. A sense of calm and "all's well" is in the air. On the street where the shirtless guy is relaxing in his driveway, all is calm, when suddenly a gust of wind kicks up a little. A few trees/bushes rustle gently from the breeze.

EXT. SHIRTLESS GUY'S HOUSE - DRIVEWAY - NIGHT

Laid back and relaxing on his lawn chair, shirtless guy takes a quick toke of his joint. As he savors the hit, a slight gust of wind blows his hair/bangs. Suddenly, the same way someone would bite into a sandwich, he frightfully reacts to an invisible presence taking large bites out of his stomach, chest, and right shoulder. As he screams and tries to get up, blood starts to pour and spurt profusely.

Traumatized, he's quickly silenced, and dies almost instantly, as his heart, lungs, etc., are being consumed and invisibly digested. All of a sudden, a powerful force pulls and rips his now bloody pants away, tossing them to the driveway.

Like as if it were bites from a piranha fish, large chunks of flesh, muscle, and tendons are being ripped from his right foot, ankle, calf, thigh, and so on. Before the body is consumed down to bloody skeletal remains, the bloody lawn chair collapses. Chunks of flesh continue being attacked.

EXT. FRONT DOOR OF HOUSE NEXT DOOR TO SHIRTLESS GUY'S HOUSE - NIGHT

A stunned and hypnotically traumatized thirty something female, stares at what's happening to him. As she stands there with her mouth slightly agape, half her face, neck, eye, and an ear, is eaten away before she can get out a scream. She collapses on the spot.

INT. ANOTHER HOME IN THE NEIGHBORHOOD - BEDROOM - NIGHT

In the dark, slightly moonlit bedroom, the sheet covering a male/female couple is yanked off them by an invisible force. Before the man, who's in just his jockey shorts, and the woman in only her panties, can react good enough, a large bloody bite appears in their torsos. They both scream out as violent bites continue, creating a real carnage.

EXT. GRASSY OPEN FIELD NEAR PHOENIX - NIGHT

With the downtown Phoenix skyline in the B.G., that same out of this world sound is heard emanating from the open field.

EXT. A CLEARING IN THE HOLLYWOOD, CA. HILLS - NIGHT

The sound of those invisible portals are heard opening.

EXT. EMPTY FOOTBALL STADIUM, N.Y.C. - NIGHT

From above the open stadium, the stripped football field develops a large circular embedded pattern in the grassy surface.

EXT. CENTRAL PARK, N.Y.C. - NIGHT

It's 3:00 A.M. The largest city in the world displays its unique sense of calm for that time of night. An overhead view of a vacant nighttime central park comes into view. Once a large clearing spot deep in the park is reached, a descent begins. Ground level slowly gets closer and closer.

EXT. CHAMPS DE MARS - PARIS, FRANCE - DAY BREAK

With the Eiffel Tower in the B.G., early morning Paris is coming to life. The heavy vibrating thud of another invisible craft landing occurs at the grassy clearing of the Champs De Mars park.

EXT. CHAMPS ELYSEES/ARC DE TRIOMPHE - PARIS, FRANCE - DAY

Motor vehicles move down the famous avenue toward the Arc de Triomphe, as the sun breaches the horizon.

INT. CAR ON THE CHAMPS ELYSEES - DAY

A unaware male motorist drives his car, when suddenly his business suit is violently ripped away. His chest, neck, and part of his face rips away, creating a blood bath as he screams and lets go of the steering wheel. He uses both hands to push away something invisible on him. With his foot still mashing the gas pedal, his car careens out of control. As his body is being consumed, the jarring effect of his car crashing into another vehicle is heard.

EXT. SHOPPING DISTRICT, DOWNTOWN PARIS - DAY

A male proprietor of a gift shop puts a vase of colorful flowers on display along with a variety of other gift items. As he does so, he (ad lib) dialogs in French with his neighbor proprietor, who spreads a white table cloth over the last table amongst several other tables with vases of flowers on them that are set up for outdoor dining.

Dressed completely in white, with a white apron on, he smiles and responds back in French to the gift shop guy.

Suddenly the apron, his shirt, and pants, are ripped away. Viciously, large blood spurting bites take place all over his body as he screams while still standing. His neighbor stares wide-eyed shocked by what he sees.

EXT. BLUE SKY - WASHINGTON, D.C. - DAY

Slowly descending downward, the White House lawn, with the White House in the B.G., is seen. Within seconds, the vibrating, echoed thud of yet another invisible craft, touches down...

FADE OUT:

"THE END"
