IN. JANE'S LVR

MEDIUM:JANE

Jane is cleaning the house and listening to the radio. All **Bye Bye Love** by the **Everly Brothers**. The music is cut abruptly by an announcement.

We now bring you breaking news. A unidentified mass thought to be a meteorite has struck the earth near downtown Chester Springs. All are advised to STAY IN YOUR HOMES until authorities can determine what this is and where it came from. I repeat. STAY INSIDE until further notice. Sheriff Steve Andrews is on the scene and will be updating us periodically so stay tuned. Here is another big hit from Sheb Wooley- this is *The purple People Eater*.

open and this blob like mass oozed  
out and ate him.
