they start with kidnapping general Maxim after leaving a written note on his disk which shows clearly that the unknown cadet was the main reason behind their act, using the same diving tool to get a way back to America . During the next couple of days Yuri had to attend a military trial in Moscow , Yuri's judge said that he's guilty for being unable to set the suitable plan which must provide the protection for general Maxim , during the next few weeks, Yuri had to leave Russia since his penalty is not to work on any Russian soil for anymore .

It wasn't a big deal for someone like Yuri to legally get the American VISA even with his well-known aims against the American System ,
