EXT. BAR ENTRANCE NIGHT

It's a very busy night in a London Bar. Guys in Flannel shirts and Girls in an ill fitting dresses scatter the Bar as the euro-dance music blares around the upscale city bar. A guy wearing casual clothes hurry's up to the entrance where the stern looking bouncer is standing.

GUY

(Jumping Fidgeting on the spot)

Is there a toilet here mate ?

BOUNCER

It's for customers only I'm afraid. Try somewhere else

GUY

This is the only place I could find there aren't any public toilets around here. Could you just do me a solid and let me in.

BOUNCER

Look we can't just have members of the public coming in here and using the toilet. It will look a fucking mess.

GUY

(Mimicking the bouncer)

Of course How could I be so stupid to assume we're allowed to use the fucking toilet by ourselves.

BOUNCER

If you buy a drink you can do what you want.
