FADE IN:

INT. BEDROOM -- MORNING

A YOUNG GIRL, 17, HER LIPS- plump- a subtle shade of lipstick coats them with great care.

Her CHEEKS- strong, defined- foundation spreads onto her pristine facial canvas.

Her EYES- large, dark- an eyeliner displays exquisite precision and care in framing the masterpiece.

Her EYELIDS- extending to her long, defined eyelashes- decorated with a subtle mascara.

She's done. On her desk, the CRACKED MIRROR DISPLAYS HER MANY REFLECTIONS like an insect's vision.

She leans in. Closer... closer, until she focuses on ONE REFLECTION in a sliver of the mirror, the other reflections disappear. She beams, a striking beauty.

Perfect.
