**Created & Written: Bobbi Owens**

**Illustrator: Jeremiah Metzcar**

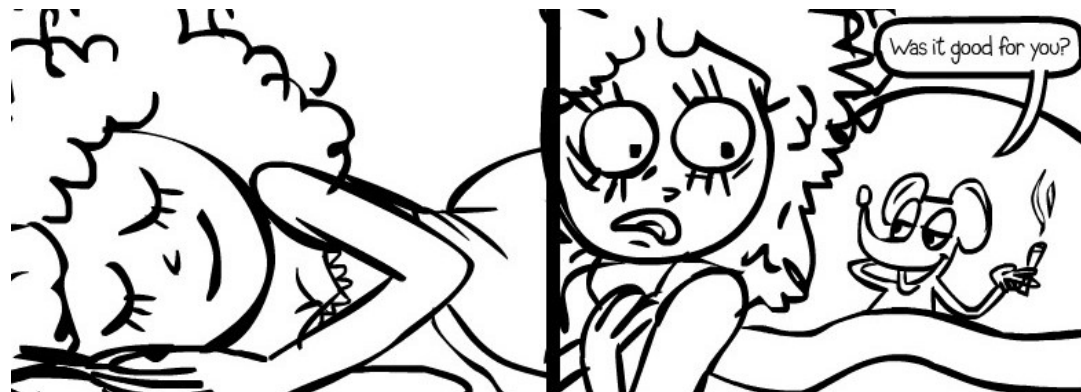

**Can an Intelligent Enterprising Species Fluid Mus Musculus (House Mouse)  
Get A Human Woman to Fall in Love with Him?**

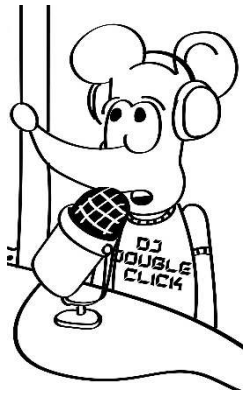

Mouse in the House (MITH) is an animated short adult series, based on the serial comic of the same name. Mouse is a house mouse – an Apartment Mouse in this case, but he is no common mouse. He is very intelligent, clever, well-read, funny, and extremely resourceful. When Mouse decides he needs a change of scenery he moves into a new apartment, and very soon discovers its inhabitant is an attractive Woman who appears to live alone. After sniffing around a bit, he discovers not only is she attractive, she is single and Mouse is definitely ready to mingle!

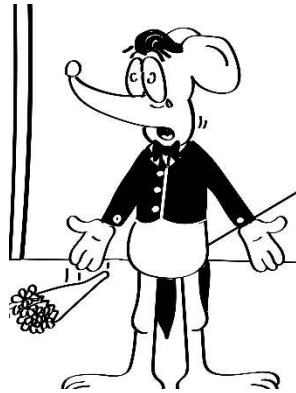

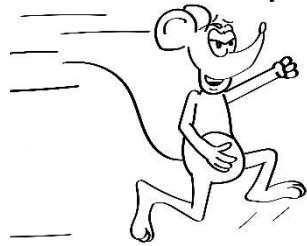

So, he sets about finding a way to get to her heart by any means necessary. Unfortunately, this is not an easy task because love never is, and because Woman screams and chases him away whenever she encounters him. This is the ongoing saga of Mouse in the House (MITH).

Mouse in the House is loosely based on the creator's experience of living with Mice in her apartment. One day while cleaning her sparse bedroom, which only contained a bed, a dresser and two end tables with lamps and a storage cube – she discovered Mice droppings ON TOP OF the 3-and-a-half-foot tall end table, on the side of the bed on which she sleeps. As the bedroom is ONLY used for sleeping, no food stuffs or anything like that, and SHE SLEEPS IN THE NUDE, she came to the realization that the Mice were – well – pleasuring themselves to her while she slept – This is how MITH was born!

ALL'S FAIR IN  
LOVE AND WAR!

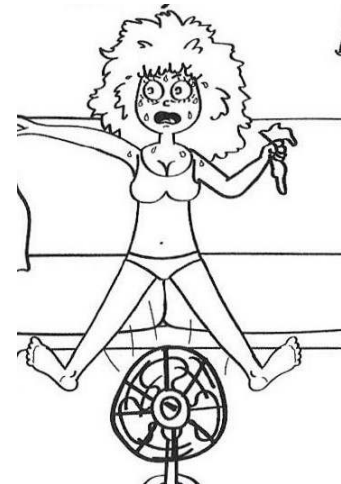

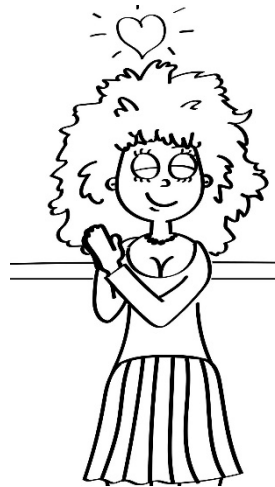

## Mouse (Species – Mus Musculus)

Aside from his on-going quest for love and companionship. Mouse is an entrepreneur. A few of his ventures include: Running an “Air B-n-Brie” and Hosting Paint and Sip Classes in the apartment. Also a Dee Jay who goes by the moniker “DJ Double Click,” Mouse hosts his own podcast – “Life is a Trap.” He is also quite the chef – but don’t ask him to make anything with Peanut Butter as it’s too fattening and he has a nut allergy!

## Woman (Species – Homo Sapiens)

She is an attractive, 30-something, single woman, who lives and works in New York City. She is pretty quiet when at home, and enjoys reading, watching TV and cooking – when she has someone to cook for. When the money isn’t tight, she enjoys travelling. She is a bit of a dreamer and often fantasizes about finding her perfect mate, which may or may not be Boyfriend!

## **Evil Pomeranian (Species - Canis Lupus)**

Referred to as “HER” by Mouse, Evil Pomeranian (EP) was a present from Woman’s on again – off again Boyfriend. Cute and Cuddly on the outside, devious and wicked on the inside, EP is another thorn in Mouse’s front, back and sides. Mouse would LOVE to be rid of HER, but Woman has grown attached to this “Mongrel” – and although he devises ways to get rid of EP, he always brings her back, because the last thing he wants to do is upset Woman in any way or see her cry.

## **Boyfriend (Species – Homo Sapiens)**

He’s a semi-attractive, 30-something, “possibly” single man of average intelligence. Considered by Mouse, useless, unintelligent and in the way – he MUST be gotten rid of at ANY cost – for as far as Mouse is concerned – There can be ONLY ONE! – and that ONE is MOUSE!

## Auntie Coco

Mouse's wealthy jet-setting aunt. Even though she has probably over 200+ nephews, Mouse is one of her favorite's. Or was – until he came out to her as Species Fluid.

## Malcolm & Luther

Political activists and part of the MLM movement (Mouse Lives Matter), they are frequent guests on Mouse's podcast. In a "Good cop/bad cop" scenario, Malcolm is the good cop, who often has to reign in Luther – especially when he gets riled up and uses the "V" word during the podcasts.

## Click Bait

Mouse's "morsel" on the side. Mouse has needs, and while he plays the long game, waiting for Woman to be his one and only, he went on CLICK BAIT (Tinder for Mice) and swiped right. She's just the right mix of Dumb and Fun for Mouse. OH – and not to mention, she happens to look EXACTLY like Woman!

## The Kids

**Mouse discovers he's a Baby-Daddy when a former "girlfriend" (One of them!) shows up with a baby and 3 kids: A Boy – 6 years-old and the rambunctious 8-year-old Twins, a Girl and a Boy. Although kids will be kids, the twin Boy, however, will most probably end up as a storyline on Dateline NBC or Dr. Phil!**

# Episodes:
