Show details

Apocalyptic BOB is a show for teens and young adult it's dark but, in a funny type of way. The show, explore the funny nature of a doomsday peppers and crazy paranoid people. It's like doomsday peppers meets the movie Mean girls, and Bio shock Infinite. Two characters from Apocalyptic BOB could remember you of the characters Lutece "twin". Apocalyptic BOB would be a hit this summer and all will love it and its characters. I got the idea, while looking out my window. We were having a bad snow storm, this year. It looked like an apocalyptic scene from a movie. I started to write and write all day long, and the show came to be.
