To Whom It May Concern,

I have been a fan of movies for many years and it would be a privilege to contribute to its growth and future successes in a Film Director or Editor role. Ever since I was a kid, movies spoke to me as not just great works of art, but something that encourages me to create. I always found inspiration and nostalgia in a classic Spielberg movie. Without films like *Jurassic Park*, *Raiders of the Lost Ark*, *Jaws*, *E.T.*, or *Back to the Future*, I wouldn't know where my destiny would lie. I believe my academic strengths and passion for creative solutions will be a positive addition to your team and organization's goals.

I enjoy innovation and love to experiment with different ideas. I am known for inspiring and devising original, thought-provoking concepts. I have cultivated editing, social media, and project management skills through diverse experiences. These talents, along with my passion in this field, align with the qualities you desire in a new Film Director or Editor. I excel in a workplace that promotes a culture of fun, consensus-driven, and high-energy teamwork.

I have an artistic eye and strong work ethic, but also like to foster an element of fun. I also offer experience in leadership, teamwork and communication. My short film, *Premonition*, which I directed and edited, earned a nomination for "Best Short" at the Jersey Shore Film Festival in 2019. I strongly believe that my creative talents will prove to be a valuable resource for your organization. I look forward to an interview with you and the opportunity to create and grow as your new Film Director or Editor.

Sincerely,

Nicolas Matteo
