**David is a CINE** award-winning writer/director/producer. His documentaries have won numerous awards and have appeared on PBS and been distributed worldwide.

**Fighting Back:** Fighting Back is the true and inspirational story of five-time NCAA All-American amateur wrestling legend Bob Stevenage. This insightful program spends a day in the life of this 1993 Wrestling Magazine's Man Of The Year, Athletic Hall of Famer, West Point graduate, and decorated Vietnam Veteran.

**Remembrance Of A Robbery:** Multi-Award-Winning and compelling story of how, on June 24, 1930, three men wielding Tommy Guns and pistols robbed the Union Bank and Trust Company of Strawberry Point, Iowa. Eleven terrified customers were locked in the smothering vault as the bandits drove away with \$11,000.00 in cash and bonds. Eyewitness accounts, artifacts of the investigation & trial and recreations set in the actual locations of the crime bring this Award-Winning documentary to life.

**The Ying Quartet:** Award-Winning day-in-the-life of this highly regarded string ensemble as they spend a year teaching and learning in the rural setting of Jesup, Iowa. For two years the Ying Quartet, faculty members at the Eastman School of Music, participated in Chamber Music America's ground-breaking Rural Residency Initiative. The program includes a performance of Dvorak's American Quartet at St. Wenceslaus Church where the Czech composer had been the organist and composed much of his music during his sojourn in America.

**James Van Allen - Flights Of Discovery:** Narrated by Tom Brokaw, James Van Allen - Flights of Discovery is an award-winning, informative and engrossing journey into the life of James Van Allen (1914 -- 2006), the discoverer of the Van Allen Radiation Belts and "founding father" of the space age. Tom Brokaw narrates as we spend an engrossing afternoon with the distinguished Professor Emeritus of Physics and Astronomy discussing 50 years of space exploration The documentary also includes interviews with many of the leaders in space science, rarely seen historical footage, and NASA data and animations.
