HOBBIES AND INTERESTS

Engineered and produced several records. I am experienced working with SFX, creating music and soundscapes for film and television.

PROFILE

Independent filmmaker with experience in documentary, narrative and animated films. Lover of Science-Fiction and horror that is reflected in my work. I am good at solving problems on and off the set and using my available resources to complete a quality output. My current project is a monster movie as metaphor for COVID, "Attack of the Sea Titan".
