Editor / Assistant Editor

San Francisco - International
currently non-union

Lifelong lover of storytelling, relatively recently turned editor / assistant editor, highly skilled with post production technology, extensively educated and practised in a wide variety of forms of storytelling, passionate about the craft and eager to deliver excellence in post production.

Career began in the role of Production Assistant on the United Artists feature *Hackers*, and several other features including *Fierce Creatures* and *Tomorrow Never Dies*, then took the scenic route, returning to moving image production and post production in 2017, most recently in the role of AE on a new feature film. The primary goal is to become an editor of scripted TV and film.
