INTERNATIONAL TESTEMONIALS

- He is very easy to work with and takes direction well! Dreamy Kun

- A really rare voice... I like it. Danielsan19

- Very professional, sent the lines in quickly. Responded well to my direction.
- Jackmack provided prompt and excellent-quality audio, and was committed to keeping an open line of communication even in light of being in a time zone nine hours apart from myself..
- Timmy Larks
- Jack is a voice actor treasure, when I first heard his voice I knew he was the perfect match for the role. To me, the most important thing, is to give life to the character, try to show that in the voice and acting. And he did this perfectly, even adding more to the character, giving him more deep. Because it's the small things that creates a great character. Kariax a.s.o.
