To Whom It May Concern,

Keep Moving Forward is a motto I live by. My name is Kimmy; I'm a recent graduate from Academy of Art University in San Francisco with an MFA in Producing Motion Pictures and Television. I also have a BA in Media Studies with a Film Minor, from the University of San Francisco. I was born in Los Angeles and raised in Las Vegas. I moved to San Francisco seeking a degree in Film Production, but decided SF was not for me. I am now in LA seeking an opportunity to work in the film industry. I'm a self-starter and a motivated individual. With an eye for detail and paying close attention. Some of my production experience includes; short films, feature films, a web series, online commercials, music videos, and critiquing indie films. My skills include editing films, producing, cinematography, directing, production design, associate producing, production assisting, being an extra, being an actress, working with professional cameras, and equipment. No task is difficult for me; I have been told by mentors that I am responsible, well-organized, and self-driven. I make sure I get my work done and always go the extra mile it is done better than was asked of me. I work great with others and make sure, everyone stays on task. Currently writing a coming of age feature.

Sincerely,
