ABOUT ME

I'm a 19-year-old creative being from El Jadida, Morocco. I work across filmmaking, editing, photography, and content creation.

I've directed short films, produced brand promos, and collaborated on documentaries. I specialize in authentic, story-driven visuals and work with clients to bring ideas to life with precision and style.

Goal

I wrote and directed the film, performed as the main character, and edited it myself, organizing images, sound effects, and music. I created a detailed storyboard and shot the project in just two days. I also recorded the piano music to avoid copyright issues and make the sound truly personal.

The final result blends visuals, personal voice-over, and emotional sound design to capture a dream that didn't die, but simply transformed.

RACINE - Ryujin promo

I filmed the video with a handheld camera to capture movement, energy, and spontaneity. The pacing and editing were fast and rhythmic to match RACINE's visual language and fit the short attention span of online audiences. The video was shared on Instagram as part of the brand's digital marketing strategy.
